*Mon Dieu
Unveiling infinite space
I am and I am nothing
A dieu
Adieu Mon Dieu*

A dark, gothic-style illustration. A woman with long dark hair and pale skin lies on a floor covered in a dense, repeating floral pattern. She is wearing a dark, corset-like top and dark stockings. Her eyes are closed, and her expression is serene. Scattered around her are various items: a small, ornate jewelry box, a pair of high-heeled shoes, and several pieces of jewelry, including necklaces and earrings. Two framed pictures are visible on the floor; one shows a landscape with a building, and the other shows a figure in a similar pose to the woman. The background is a dark, draped curtain with a subtle pattern. The overall mood is somber and mysterious.

NOISIA

*i heard voices singing
the silence of a
thousand dead
& every one was
mine*

ADORNED IN BLUE & GOLD

*Her color black to the blind;
blue & gold to the seeing
and she held a secret glory for
those that loved her.*

ALIAS

*looking into my own reflection
the image became vogue
i could no longer see myself
and the reflection stared back
in question
both of us intimate strangers
meeting ourselves for the first
time*

A black and white photograph of a woman with long dark hair, wearing a light-colored, flowing dress, floating on her back in a body of water. Her eyes are closed, and her arms are slightly outstretched. The water surface is covered in numerous concentric ripples, suggesting recent rain or movement. The overall mood is serene and ethereal.

FLOATING POINT

*in an infinite sphere the
circumference of which was
nowhere
i became the center
and i was everywhere
in love*

We have come to a point in time where it is considered normal to hoard everything one produces exempting when it may be sold for capital profit.

A presumption that things both physical & intellectual can only be measured in monetary value & necessitating charge placed on all things we may see, hear, or touch. Conceptions that imaginary fiat currencies enable progress & hold sole representation of the worthwhile.

or

"By the power of truth I, a mortal, have conquered all creation."

"VVVVV" seeks to take it's own steps to further itself beyond personal and proprietary capital limits by opening itself up to all that is of the divine spark. God is no single one of us, but all of us. God is Legion. To attempt to limit the actions of the divine through means of copyright and/or monetary policies is to presume copyright & money above the power of the infinite & divine.

It is in love of the divine spark that resides in everyone that this album is licenssed out under Creative Commons Attribution-NonCommercial-ShareAlike 3.0. You can not blind a God.

You can not render a God deaf.

You can not render the speech of God mute.

Do What Thou Wilt

Every man & woman is a star

Let the divine spark in you create without limits exempting those times that the created would attempt to limit the divine.
